EXPERIENCE

Across The Globe (ATG) - Remote
Software Developer   *Jun 2022 – Jan 2023*
Achievements/Tasks:
- Implemented several web applications, as a member of the front-end team for all inter-departmental and customer-facing projects.
- Standardized all output using a mobile-first, responsive methodology and approach. Evaluating UI and UX designs for technical feasibility.
- Collaborated with the product team to implement and integrate new feature developments.
- Took part in resolving bugs and code review processes for the numerous web applications I worked on.
- Wrote unit tests to increase quality of code being pushed to production.
- Rebuilt a three-year-old web application utilizing React and Redux, complete with a comprehensive user experience redesign.

Cynergy Technologies – Remote
Web Developer   *Sep 2021 – Dec 2021*
Achievements/Tasks:
- Implemented, built and launched 3 fully functional full-stack web applications.
- Developed pixel-perfect, completely responsive websites from multiple UI designs created by the design team.
- Participated in bug fixing for a variety of web applications I worked on.
- Operated in close coordination with the Co-founder/CTO, and a multinational, cross-functional team, spanning across different roles from junior developers to team leads, as well as representatives from the design and operations units.

VOLUNTEERING

Google Developer Students Club, University of Lagos – Lagos, Nigeria
Team Member / Tutor   *Nov 2021 – May 2023*
Achievements/Tasks:
- Helping students bridge the gap between theory and practice in the world of technology.
- Tutored over 15 students on advanced JavaScript topics and React JS basics.

Lagos Food Bank Initiative – Lagos, Nigeria
Volunteer Worker   *Nov 2022 – Present*
- Helped distribute food to rural areas and impoverished communities in various parts of the city.
